

Objective:

Artificial Intelligence Student with a focus on AI and Data Science, passionate about web development, SQL, and data-driven solutions. Eager to apply technical skills and project experience to contribute to innovative software in a dynamic, growth-focused environment.

Area of Interest:

- Data Science
- Web Development

Education:

- | | |
|---|------------------|
| • Bachelor of Technology in Artificial Intelligence and Data Science | 2023-2027 |
| Dr. Mahalingam College of Engineering and technology, Pollachi CGPA:6.8 | |
| • HSC | 2022-2023 |
| Sri Vidya Mandir Matric Higher Secondary School Palacode State Board | |
| • SSLC | 2020-2021 |
| Sri Vidya Mandir Matric Higher Secondary School Palacode State Board | |

Skills:

Technical Skills:

- **Programming Languages:** Java, Python, C
- **Frameworks:** React, Node.js
- **Database Management:** MySQL
- **Web Technologies:** HTML, CSS, Node.js

Soft Skills:

- **Communication:** Effective communicator with the ability to present technical concepts clearly through reports, dashboards, and project demonstrations.
- **Problem-Solving:** Analytical thinking, Root Cause Analysis

Project:

- | | |
|---|-------------------|
| • Predictive Maintenance for Textile Manufacturing – IoT & ML-Based Solution | March 2025 |
| Role: ML Developer
Built and deployed an end-to-end predictive maintenance system integrating IoT-based sensor monitoring and machine learning-driven anomaly detection, reducing potential downtime and improving operational efficiency | |
| • Brain Tumor MRI Scan Detection using Deep Learning | April 2026 |
| Role: AI Developer
Developed a CNN-based deep learning model to classify brain MRI scans into multiple tumor categories. Performed image preprocessing, model training, and performance evaluation using Python, TensorFlow, and Keras to improve classification accuracy | |

Internships:

- | | |
|---|---|
| • Ether Infotech – Data Science Intern Coimbatore | June 16th 2025 to June 30th 2025 |
| Assisted with EDA, ML modeling, and reporting tasks. Worked on building machine learning models for real-time data analysis and forecasting. Contributed to exploratory data analysis, data cleaning, and feature engineering | |

Certifications:

- Certified in NXT WAVE
- Successfully Completed Scalar EDA Certification

Achievements:

- Achieved expertise in Machine Learning, Python, Data Science, Soft Skills, and Data Visualization through certified learning
- Strengthened technical and analytical skills by completing multiple professional certifications in emerging technology domain

Extracurricular Activities:

Volunteer as an NSS member for 2 years actively supporting social and community initiatives. Participating in college events like inaugurations, campus cleaning and club activities
